The best of the Riviera Maya, the way a local lives it. Five dive days to discover the must-dos: the reefs between Playa del Carmen and Puerto Morelos, the walls of Cozumel, the light in the cenotes, the C-56 Juan Escutia wreck and the bull sharks.

And out of the water, amazing places to eat and corners of the Riviera Maya far from the tourist spots, with a local guide who lives here. Stay longer if you like.

Your host

My name is Fernando Kaplun. I was born in Mexico City, got my first dive certification at 12 and moved to Playa del Carmen at 20 to live from my passion.

I have been a dive instructor for 16 years and I am a cave diving guide in the cenotes. I created Kaptain to share my passion and my culture: a fully immersive trip alongside a local.
